a lively and informative history of the mobile home in the united states over six decades extensively illustrated with period photographs and vivid portraits of the people who live in mobile homes and the industry pioneers who designed and built them in wheel estate allan wallis offers a lively and informative history of the mobile home in the united states over six decades his colorful account extensively illustrated with period photographs and vivid portraits of the people who live in mobile homes and the industry pioneers who designed and built them will inform and amuse anyone curious about this american phenomenon beginning with the travel trailers of the late 1920s and 1930s with models that were built like yachts or unfolded like polaroid cameras wallis moves through the world war ii era when the industry mushroomed as trailers became homes for thousands of defense workers to the post war era when trailers became year round housing the industry responded with new models now called mobile homes that tried to strike a balance between house and vehicle even as owners built their own often fanciful additions including one mobile home complete with egyptian pylons carrying the story up to the present wallis links the need for mobile homes to continuing housing crises he traces regulations and reforms aimed at linear living arguing in the end that manufactured housing remains distinctively american and embodies fundamental national ideas of home and community

few detailed studies that involve complex interactions of social economic and technical factors have much direct and immediate impact on the real world this study could well be one of those few exceptions arthur bernhardt an internationally known building industry expert recognized as the leading authority on the mobile home industry has compiled in this book overwhelming evidence that applying the efficient methods and techniques of that industry to other older sectors of the building industry will enable the united states and countries around the world to overcome the housing crisis making it possible to divert some of the expenditures for public subsidization of housing to other social priorities far from advocating an endless sprawl of mobile home parks as the basis for tomorrow s housing bernhardt states at the outset that as the housing crisis continues to worsen many people are asking whether mobile homes might become a viable housing alternative my personal answer is i hope not rather his goal is to transfer the innovative spirit and built in efficiencies of the mobile home production and delivery system to a full range of housing configurations bernhardt reached this conclusion only after overcoming an initial skepticism he originally shared a widespread negative predisposition toward the mobile home industry this basic conclusion is the exact opposite of what i expected to find when i first looked at the mobile home industry years ago then sharing with many others in the united states a strong bias against this industry i decided to devote a few weeks to writing a negative case study on how notto industrialize the

building industry one of the first findings of this investigation however was startling the mobile home industry is the most efficient building industry in the world the author then undertook a full scale study of all aspects of the industry in a seven year project at mit he built a staff of more than a hundred professionals in such fields as engineering economics finance law management political science and sociology scattered throughout the country supported by the u s department of housing and urban development hud bernhardt and his staff conducted thousands of surveys and interviews in all sectors of the building industry and at all levels of government the results of this research were compiled in a massive five volume 5000 page report to hud bernhardt s up to the minute book which is richly illustrated with halftones and drawings condenses that report and sets forth in a vigorous and explicit way the conclusions and recommendations that the full weight of the evidence compels
